

PREFACE

It is our deep feeling of pride and pleasure to present this reaccreditation report of our college, Shree C.N.P.F. Arts and D.N. Science College, Dabhoi, Managed by Vadodara Jilla Kelavni Mandal, to National Assessment and Accreditation Council (NAAC), Bangalore.

Post-Accreditation reform processes have been meaningful and fruitful for us as they have resulted from the joint efforts of trustees, principal, faculties, and students together through effective strategic plans of IQAC of the college. In response to the demand of the time in terms of ICT resources and changing social patterns, developmental and dynamic proposals are implemented to meet the challenges of the modern time. Of course, our progress towards the process of quality development is moving slowly and gradually within our limitations with the firm determination. Our college has stepped further in terms of infrastructural development, utilization of technological resources, improvement in teachers' qualification and better social services. Our college is trying to provide urban amenities to rural areas.

As we are heading towards reaccreditation of our college, we express our heartfelt gratitude to NAAC-UGC, our trustees, teaching and non-teaching staff, our alumni, students and all the other stake holders for expecting excellence from us and supporting us to achieve it.

Dr. Jatin H. Joshi
Coordinator- IQAC

Dr. Janakkumar R. Shukla
Principal
